

Monday 17th June 2019

The Counting House

50 Cornhill, London, EC3V 3PD

**Technical Evening Meeting @ 18:30
(Food served at 19:30)**

**“Transport for London – Specification for
Highway Works”**

Mr. Lukash Manandhar (TfL), Mr. Ryan Cooper (TfL) and Mr. Herbert Micallef (Metis Consultants) will give an overview of the works carried out in revamping TfL’s aggregate, bitumen and asphalt specifications. They will give an insight into specific additions to series 700 – 1000 with special interest given to series 900 and asphalts.

Our presenters will give a detailed review of the approach taken to the update including the timescales to deliver the update, how industry was involved in the process, how good practice was established in the specifications and how this allows for further innovation.

Attendees will be able to give feedback and any interesting ideas will be taken into consideration for inclusion.

***A finger buffet will be provided after the presentation @
19:30***
